DR. SPINNEY & CO.

No. 11 Kearny street,
TREAT ALL CHRONIC AND SPECIAL
DISEASES. YOUNG MEN

Who may be suffering from the effects of youthful follies or indiscretion will do well to avail themselves of this, the greatest boon ever laid at the feet of suffering humanity. Dr. Spinney will guarantee to forfeit five hundred dollars for every case of weakness, or private disease of any kind or character, which he undertakes and fails to cure.

MIDDLE-AGED MEN.
There are many at the age of thirty-sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. Or examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milky hue again changing to a dark and torpid appearance. There are many men who die of this difficulty ignorant of the cause which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.
Office hours—10 to 4 and 6 to 8; Sundays from 10 to 11 a. m. Consultation free. Thorough examination and advice, \$5.
Call or address DR. SPINNEY & CO., 136-140 N. 11 Kearny street, San Francisco.

For private diseases, of short standing, a full course of medicines sufficient for a cure, with all necessary instructions, will be sent to any address on receipt of ten dollars.

Storage of Powder.

The following is the law passed by our last Legislature:

Sec. 1—No person shall keep or store, or cause to be kept stored, or aid or assist any person in keeping or storing Hercules, dynamite or Giant powder in greater quantities than twenty-five pounds at any one time, or blasting or gun powder in greater quantities than fifty pounds at any one time, in or upon any building or premises within a distance of one half a mile of the exterior limits of any city, village or town in this Territory, except it be vessel, railroad cars, or vehicles receiving and keeping the same in the course of and for the purpose of transportation. And no person shall keep or store or cause to be kept or stored, or aid in keeping or storing and percussion caps, gunpowder or other blasting powder in or upon any building or premises where Hercules, dynamite or Giant powder is kept or stored.

Sec. 2—Any person who shall violate the provisions of section 1 of this act, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than \$200 nor more than six months, or by both fine and imprisonment.

Sec. 3—All acts and parts of acts in conflict with this act are hereby repealed.

If the above law had been enforced at Tucson, it would certainly have prevented the disastrous results of the late explosion. The Board of Supervisors are now in session, and let them instruct the officers of the law to enforce its provisions. This matter has been suggested to us, and in all good heart and for the welfare of all, we say "take your powder magazines from our doors."

"The Jew in the Bramble Bush,"

Our District Attorney of Yuma county occupies a most anomalous position. He has set at defiance law instituted and constituted new theories, and put forth to the world his prospectus as, "Yuma county on mining laws and railroad corporations." The intelligence of the public and the legal profession, not only condemn this assertion and assumption, but ridicule the official who attempts to assert such as law. In heading this article as, "The Jew in the bramble bush" is an only deserving title to official, in a vindication and redress of the rights and wrongs of an outraged community.

As a citizen and a man, the District Attorney stands far beyond the average of men, but as an official, the public call upon him to rise and to explain his stewardship of a public trust. Whether wrong or right, a grateful or indignant public will say, "sit down sir," and append we this the remarks of the Nugget. "The Southern Pacific Railroad appears to have a good thing on Yuma county. The SENTINEL

says that by a strange coincidence the District Attorney is also the railroad attorney, and the eighty miles of railroad in that county are assessed at \$2,000 per mile. The lowest rate at which it is assessed anywhere else in the Territory or in California, is we believe, \$5,000 per mile, but then the District Attorney is not supposed to be the railroad attorney anywhere else."—Nugget.

Yes, again, the District Attorney. He appeared before the Supervisors last week with his protest against ANY taxation WHATEVER, and they sent "one thousand miles away" at the tune of \$1500, for a car of "new Castle Coal," known as "Rowell's best."

Onto Westward.

Slow, but sure the Texas Pacific Railroad is pushing its progress to the Pacific. It is confidently asserted that this road will reach El Paso by Jan. 1st, 1882. It might have a connection with other roads, coming West, but their spirit of right and spirit of sway will tell other roads "stand from under."

While this southern trans-continental route is passing through our Territory, immediately above it and within the embrace of the Territory, comes the Atlantic and Pacific, now pushing its way to the Colorado River. To-day, the people of Prescott, through off the line is being materially benefited. We can hardly realize this age of railroad progress. The vast northern portion of Arizona heretofore has been little known, settled or developed. The advent of Atlantic and Pacific Railway will soon reclaim a country of the untold wealth. Our Prescott people must not despair, for yet, you are in the heart and centre of an untold country.

Our Agricultural Lands.

In some of our recent issues, we have alluded, especially, to the lands of Yuma county while, doing this, we still hold all the land of Arizona in high repute. All the vales, valleys and mountain ranges will afford more than a support to the farmer, stock-raiser, if proper industry is followed. In the past few days, letters come to the SENTINEL office—for information. As far as developments are concerned, the SENTINEL will at all times give gratuitously the first news and publish the first authentic facts, and try to develop the interest of both county and Territory. We are neighbors to all, and although Yuma is in the language of the "Herald," is the "Gods forsaken lands of Yuma."

The contract for supplying the Post at Fort Yuma with beef has been subletted to Mr. F. Amabisc. Mr. Lorette is the sub-contractor and cause of change says that, Mr. A. Seor, to whom the contract was subletted says, "poor beef is too good for soldiers." Mr. Lorette, the contractor and

Lieut. Mott won't stand such things. They are right.

The contractor should see that good beef is furnished, the soldier should have at all times his rights and demand them, and we command Lieut. Mott in protecting his men and enforcing the contractor. The soldier is as good as all and should be protected in all his rights, and is entitled to eat just as good beef as any other citizen.

The following camp meeting notice was forwarded us from Phoenix, to which we cheerfully give place.

The Southern Cal. and Arizona Holiness Association, will hold their first Holiness camp meeting (D. V.) in Greenback Valley, Tonto Basin, commencing Aug. 18th, and continuing over two Sabbaths.

Every wander from God, and all earnest christian workers, are most cordially invited to attend this meeting.

And let every christian who knows of the meeting, but cannot be present, pray earnestly that a glorious victory may be now for Immanuel, in the conversion of sinners, the conversion of penitents, and the sanctification of believers.

The camp ground is most pleasantly located, and, aside from the advantages in attendance upon the camp meeting, will be a delightful retreat from the intense heat of the lower valleys.

It is hoped that as many as can, will attend the meeting prepared to tent and take care of themselves. But a boarding tent will be kept, at very reasonable rates, for the accommodation of those who prefer to board.

NOTICE.

All persons are hereby notified that the law in regard to discharging firearms within the incorporated limits of the village of Yuma, will be strictly enforced.

Sec. 2 Com. laws provides. That any person or persons having or carrying any pistol or gun, shall, in the public streets or highways, discharge the same in discrimination, thereby disturbing the peace or quiet and endangering the lives of the inhabitants of any town or neighborhood in this Territory; such person or persons, upon conviction thereof before any justice of the peace, in the county where such offence may be committed shall be fined in any sum not less than ten or more than fifty dollars and imprisoned in the county jail not less than two nor more than ten days, at the discretion of the justice of the peace together with the costs of prosecution.
